

1 Q. **Reference: Application**

2 What is the current status of Hydro's studies on retirement of its small hydro generating
3 facilities? Please file any studies Hydro has completed on its small hydro generation facilities,
4 specifically, those with capacities that are less than 1 MW. Are these facilities expected to
5 remain used and useful?

6

7

8 A. Please refer to Newfoundland and Labrador Hydro's response to PUB-NLH-001 of this
9 proceeding.
