

1 Q. **Reference: Application**

2 Has the war in the Ukraine impacted the projects and programs in the 2025 CBA?

3

4

5 A. Newfoundland and Labrador Hydro (“Hydro”) is subject to disruptions in supply chains caused
6 by local, national, and international factors. While it would be difficult to quantify the effects, it
7 is reasonable to believe Hydro’s capital plans, as well as individual program and project
8 proposals, are subject to budgetary and scheduling issues resulting from ramifications of
9 geopolitical volatility, including the war in Ukraine.
