

- 1 **Q. (Reference PUB-NP-030)**
2 **It is stated "Almost all of the wheeling amounts charged to Hydro are charged**
3 **back to Newfoundland Power through Hydro's rural deficit allocation." Is this**
4 **still the case under the government's rate mitigation plan?**
5
6 A. Yes, this is still the case. The government's rate mitigation plan has no impact to the
7 wheeling amounts currently charged to Hydro.
