

Rules and Regulations

Q. (Rules and Regulations, para. 7(b)) It is stated “Service to buildings and facilities on the same Serviced Premises which are occupied by the same Customer may, subject to Regulation 7(c), be metered together provided the Customer supplies and maintains all distribution facilities beyond the point of supply.”

a) Are there any distribution facilities beyond the point of supply at the MUN Substation that are not currently being maintained by Memorial University?

b) Does this clause also apply to transmission facilities beyond the point of supply?

A. a) Memorial University is responsible for all distribution facilities beyond the point of supply at the MUN substation.

b) The same clause would apply to a customer with transmission facilities beyond the point of supply.
