

1 **Volume 2: Customer, Energy and Demand Forecast**
2

3 **Q. Has there been any change in the methodology for forecasting energy and demand**
4 **in this GRA in comparison with the 2022/23 GRA?**
5

6 A. Since Newfoundland Power's *2022/2023 General Rate Application*, the Company has
7 implemented a forecast adjustment to reflect increased energy sales related to the Oil to
8 Electric Incentive Program funded by the Provincial and Federal Government.¹ See the
9 response to Request for Information PUB-NP-097 for additional information regarding
10 Newfoundland Power's oil to electric heating conversion assumptions.

¹ The program is being delivered by takeCHARGE, a joint initiative between Newfoundland Power and Newfoundland and Labrador Hydro.
