8
- 9 A. Newfoundland Power has not updated the analysis that was completed for the purposes of
10 supporting the *LED Street Lighting Replacement Plan* in its *2021 Capital Budget*
11 *Application*.
12
- 13 The Company observes that the maintenance cost savings outlined in Table B-2 in
14 Appendix B to the *LED Street Lighting Replacement Plan* report, ranged from \$1.9
15 million in 2021 to \$1.7 million in 2026, with average maintenance savings over that time
16 period of \$1.8 million.
17
- 18 The *LED Street Lighting Replacement Plan* commenced in 2021 and resulted in a
19 reduction of approximately \$1.8 million in operating costs for street light maintenance in
20 that year, which has been sustained throughout the 2024 to 2026 forecast period.
