

1 Q. Further to the response to PUB-NLH-003, please confirm that the amount of change in revenue
2 requirement due to a change in return on equity of Newfoundland Power is linear (e.g., the
3 revenue requirement change for a 1% change in return on equity equals 2 times the change in
4 revenue requirement for a 0.5% change in return on equity).

5

6

7 A. It is confirmed.
