

Newfoundland and Labrador
BOARD OF COMMISSIONERS OF PUBLIC UTILITIES

NOTICE OF APPLICATION
Revisions to Contribution in Aid of Construction Policies

On May 20, 2005 the Board received an application from Newfoundland Power Inc. (“NP”) to revise its Contribution in Aid of Construction (“CIAC”) Policies for domestic and general service customers. These policies apply to individuals and companies where the cost of line extensions or upgrades required to provide electrical service exceeds the normal utility investment, requiring the customer to pay a portion of the capital cost in order to obtain service. The outcome of this application may impact customers of both Newfoundland Power Inc. and Newfoundland and Labrador Hydro.

Copies of relevant documents, including the application and accompanying report 2005 CIAC Policy Review, are available as follows:

1. From Newfoundland Power Inc.’s regional offices throughout the Province;
2. By contacting the Board Secretary as detailed below; or
3. On the Board’s website www.pub.nl.ca.

The Board is inviting written comments on the proposed changes to the CIAC policies. Written submissions should clearly state any issues or concerns and include supporting documentation where appropriate. **The Board will receive submissions until close of business Friday, June 10, 2005.**

All correspondence and requests for further information should be addressed to the Board Secretary as set out below:
