### **Weekly Adjustment of Maximum Prices of Regulated Petroleum Products**

Effective 12:01 a.m. Thursday, April 29, 2010, the Public Utilities Board will set maximum prices for all regulated petroleum products in all areas of the province, except where maximum price adjustments have been suspended for the winter months.

Maximum fuel prices will change as follows:

- all types of gasoline motor fuel will increase by 1.0 or 1.1 cents per litre (cpl) – depending on the HST rounding impact;
- diesel motor fuel will increase by 0.4 or 0.5 cpl – also depending on HST rounding;
- furnace oil heating fuel will increase by 0.21 cpl;
- stove oil heating fuel will increase by 0.47 cpl; and,
- propane heating fuel will experience no change.

These maximum prices reflect the change in the average benchmark price of the products over the seven-day period ending Tuesday of this week. As an example, the average benchmark price for gasoline, as tracked on the New York Mercantile Exchange (NYMEX) and converted to Canadian dollars, increased over the period by 0.95 cpl, resulting in a 1.1 cpl increase, accounting for taxation and rounding.

The next scheduled price change is Thursday, May 6, 2010.
